COMMUNITY'S SCHEDULE

INTRODUCTORY NOTE

1. The specific commitments in this schedule apply only to the territories in which the Treaties establishing the Community are applied and under the conditions laid down in these Treaties. These commitments apply only to the relations between the Community and its Member States on the one hand, and non-Community countries on the other. They do not affect the rights and obligations of Member States arising from Community law.

2. The following abbreviations are used to indicate the Member States:

A Austria
B Belgium
I Italy
D Germany
IRL Ireland
DK Denmark
L Luxembourg
E Spain
NL The Netherlands
F France
FIN Finland
P Portugal
GR Greece
S Sweden
UK United Kingdom

3 A glossary of terms used by individual Member States is attached to this schedule.

“Subsidiary” of a legal person means a legal person which is effectively controlled by another legal person.

“Branch” of a legal person means a place of business not having legal personality which has the appearance of permanency, such as the extension of a parent body, has a management and is materially equipped to negotiate business with third parties so that the latter, although knowing that there will if necessary be a legal link with the parent body, the head office of which is abroad, do not have to deal directly with such parent body but may transact business at the place of business constituting the extension.

		b) Treatment less favourable may be accorded to subsidiaries (of Chilean companies) formed in accordance with the law of a Member State which have only their registered office or central administration in the territory of the Community, unless it can be shown that they possess an effective and continuous link with the economy of one of the Member States.

Exclusive rights on such services are often granted to private operators, for instance operators with concessions from public authorities, subject to specific service obligations. Given that public utilities often also exist at the sub-central level, detailed and exhaustive sector-specific scheduling is not practical.

⁹ “Other forms of commercial presence for the supply of international maritime transport services” means the ability of international maritime transport service suppliers of the other Party to undertake locally all activities which are necessary for the supply to their customers of a partially or fully integrated transport service within which the maritime transport constitutes a substantial element. (This commitment shall not, however, be construed as limiting in any manner the commitments undertaken under the cross-border mode of delivery).

These activities include, but are not limited to:

- (a) marketing and sales of maritime transport and related services through direct contact with customers, from quotation to invoicing, these services being those operated or offered by the service supplier itself or by service suppliers with which the service seller has established standing business arrangements;
- (b) the acquisition, on their own account or on behalf of their customers (and the resale to their customers) of any transport and related services, including inward transport services by any mode, particularly inland waterways, road and rail, necessary for the supply of the integrated services;
- (c) the preparation of documentation concerning transport documents, customs documents, or other documents related to the origin and character of the goods transported;
- (d) the provision of business information by any means, including computerised information systems and electronic data interchange (subject to the provisions of this Agreement);

Support services related to maritime transport (CPC 745) <u>Other Loading and unloading services</u> (CPC 7419) <u>Other complementary and supplementary transport services.</u> (CPC 74590) B. Inward-sailing transportation (CPC 722)	Only natural or legal persons may register a vessel in Chile. A legal person must have its principal domicile and real and effective seat in Chile, with its chairman, manager, and the majority of the directors or administrators being Chilean natural persons. In addition, more than 50 percent of its equity capital must be held by Chilean natural or legal persons. For these purposes, a legal person with ownership participation in another legal person that owns a vessel must comply with all the aforementioned requirements. A joint ownership (<i>comunidad</i>) may register a vessel if the majority of the joint owners are Chilean nationals with domicile and residence in Chile, the administrators are Chilean nationals and the majority of the rights in the joint ownership belongs to Chilean natural or legal persons. For these purposes, a legal person with ownership participation in a joint ownership (<i>comunidad</i>) that owns a vessel must comply with all the aforementioned requirements. In order to fly the national flag, the captain of the ship, its officers and crew must be Chilean nationals. However, the <i>Dirección General del Territorio Marítimo y de Marina Mercante</i> (Directorate-General of the Maritime Territory and Merchant Navy), on the basis of a substantiated resolution, shall authorise on a temporary basis the hiring of foreign personnel, with the exception of the captain who, at all times, shall be required to be a Chilean national.	Special vessels owned by foreign natural or legal persons domiciled in Chile may, under certain conditions, be registered in Chile. For these purposes, a special vessel does not include a fishing vessel. The conditions required to register special vessels owned by foreigners are the following: the foreign natural or legal person must be domiciled in Chile and have its principal head office in Chile or be permanently engaged in a profession or commercial activity in Chile. The maritime authority may, for reasons of national security, impose special restrictions on the operation of these vessels. The foreign vessels must use pilotage, anchorage and port pilotage services when the maritime authorities so require. In tugging activities or other manoeuvres in Chilean ports only tugboats flying the Chilean flag may be used. Captains must be Chilean nationals and be acknowledged as such by the relevant authority. Officers on Chilean vessels must be Chilean nationals and registered in the Register of Officers (<i>Registro de Oficiales</i>). Crewmembers of Chilean vessels must be Chilean nationals, have the permit granted by the Maritime Authority and be registered in the relevant Register. Professional qualifications and licences granted abroad shall be valid for service as an officer on national vessels if the Director General of the <i>Territorio Marítimo y de Marina Mercante</i> (Maritime Territory and Merchant Navy) so determines by a reasoned decision. Ship captains (<i>patrón de nave</i>) must be Chilean nationals.	

(e) the setting up of any business arrangements (including participation in the stock of a company) and the appointment of personnel recruited locally (or, in the case of foreign personnel, subject to the horizontal commitment on movement of personnel) with any locally established shipping agency;

(f) acting on behalf of the companies, organising the call of the ship or taking over cargoes when required.

Cabotage is reserved to Chilean vessels. For these purposes cabotage means: transportation of passengers and freight over sea, rivers and lakes between points within the national territory and between such points and naval artefacts installed in the territorial sea or in the Exclusive Economic Zone. Foreign merchant vessels (<i>nave mercante</i>) may participate in cabotage with volumes of freight above 900 tonnes, subject to a prior public call for tender carried out by the user issued within the relevant time-limit. When it concerns volumes of freight of 900 tonnes or less and no vessel flying the Chilean flag is available, the Maritime Authority shall authorise the shipment of such freight in foreign merchant vessels (<i>naves mercantes</i>) . The reservation of cabotage to the Chilean vessels shall not be applicable in the case of freight coming from or bound for the ports in the province of Arica. (1) and (2) None (4) Unbound, except as indicated in the Horizontal Commitments.	“Ship captain” means a natural person who, by virtue of an appropriate qualification from the Director General of the <i>Territorio Marítimo y de Marina Mercante</i> (Marine Territory and of Merchant Navy), is authorised to exercise command on smaller vessels and certain special larger vessels. Shipping agents or representatives of the operators, owners or captains of the ship, whether they are natural or legal persons, must be Chilean nationals. Agents responsible for stowing and unstowing or docking companies who move some or all of the freight between the vessel and the port facilities or means of overland transport and vice versa must also comply with this requirement. Only a natural or legal Chilean person may register an aircraft in Chile. A legal person must be constituted in Chile with principal domicile and real and effective headquarters in Chile, and its chairman, manager and/or the majority of the directors or administrators must be Chilean nationals. Foreign civil aircraft engaged in non-scheduled commercial air transport services activities intending to enter Chilean territory, including territorial waters, to overfly Chile or to make stop-overs in Chile for non-commercial purposes must inform the <i>Dirección General de Aeronáutica Civil</i> (Directorate-General of Civil Aviation) at least 24 hours in advance to obtain authorisation.. In no case may such aircraft board or unboard passengers, freight or mail in Chilean territory without prior authorisation from the <i>Junta Aeronáutica Civil</i> (Civil Aviation Board). Foreign aviation staff shall be allowed to work in that capacity	beyond the period determined by the regulations without the authorisation of the <i>Dirección General de Aeronáutica Civil</i> (Directorate-General for Civil Aviation).
