

## ANNEX II

## CROATIAN TARIFF CONCESSION FOR COMMUNITY INDUSTRIAL PRODUCTS

(referred to in Article 5(3))

Duty rates will be reduced as follows:

- on the date of entry into force of the Agreement, duty shall be reduced to 70 % of the basic duty,
- on 1 January 2003, duty shall be reduced to 50 % of the basic duty,
- on 1 January 2004, duty shall be reduced to 40 % of the basic duty,
- on 1 January 2005, duty shall be reduced to 30 % of the basic duty,
- on 1 January 2006, duty shall be reduced to 15 % of the basic duty,
- on 1 January 2007, the remaining duties shall be abolished.

| HS 6 +     | Description                                                                                                                                                                                                                                                                                 |

| 8429       | Self-propelled bulldozers, angledozers, grades, levellers, scrapers, mechanical shovels, excavators, shovel loaders, tamping machines and road rollers:                                                                                                                   |
| 8429 5     | – Mechanical shovels, excavators and shovel loaders:                                                                                                                                                                                                                      |
| 8429 51    | – – Front-end shovel loaders:                                                                                                                                                                                                                                             |
| 8429 51 2  | – – – On wheels, with a engine power not exceeding 184 kW                                                                                                                                                                                                                 |
| 8433       | Harvesting or threshing machinery, including straw or fodder balers; grass or hay mowers; machines for cleaning, sorting or grading eggs, fruit or other agricultural produce, other than machinery of heading No 8437:                                                   |
| 8433 5     | – Other harvesting machinery, threshing machinery                                                                                                                                                                                                                         |
| 8433 51    | – – Combine harvester-threshers:                                                                                                                                                                                                                                          |
| 8433 51 1  | – – – For grain and maize:                                                                                                                                                                                                                                                |
| 8433 51 12 | – – – – With engine power exceeding 45 kW but not exceeding 167 kW                                                                                                                                                                                                        |
| 8458       | Lathes (including turning centres) for removing metal:                                                                                                                                                                                                                    |
| 8458 1     | – Horizontal lathes:                                                                                                                                                                                                                                                      |
| 8458 11    | – – Numerically controlled                                                                                                                                                                                                                                                |
| 8459       | Machine tools (including way-type unit head machines) for drilling, boring, milling, threading or tapping by removing metal, other than lathes (including turning centres) of heading No 8458:                                                                            |
| 8459 10    | – Way-type unit head machines                                                                                                                                                                                                                                             |
| 8459 5     | – Milling machines, knee-type:                                                                                                                                                                                                                                            |
| 8459 51    | – – Numerically controlled                                                                                                                                                                                                                                                |
| 8460       | Machine-tools for deburring, sharpening, grinding, honing, lapping, polishing or otherwise finishing metal or cermets by means of grinding stones, abrasives or polishing products, other than gear cutting, gear grinding or gear finishing machines of heading No 8461: |
| 8460 2     | – Other grinding machines in which the positioning in any one axis can be set up to an accuracy of at least 0,01 mm:                                                                                                                                                      |
| 8460 29    | – – Other:                                                                                                                                                                                                                                                                |
| 8460 29 1  | – – – For ball or roller bearing parts                                                                                                                                                                                                                                    |
| 8481       | Taps, cocks, valves and similar appliances for pipes, boiler shell, tanks, vats or the like, including pressure-reducing valves and thermostatically controlled valves:                                                                                                   |
| 8481 10    | – Pressure-reducing valves:                                                                                                                                                                                                                                               |
| 8481 10 1  | – – – Pressure-regulating valves for compressed gas cylinders                                                                                                                                                                                                             |
| 8481 30    | – Check valves:                                                                                                                                                                                                                                                           |
| 8481 30 1  | – – – Vacuum baskets with valve                                                                                                                                                                                                                                           |
| 8481 40    | – Safety or relief valves:                                                                                                                                                                                                                                                |
| 8481 40 1  | – – – With normal size of 15 mm and more but not exceeding 1 200 mm and with pressure rating not exceeding 16 MPa                                                                                                                                                         |
| 8481 80    | – Other appliances:                                                                                                                                                                                                                                                       |
| 8481 80 2  | – – – Gate valves and butterfly valves with nominal size 25 mm and more but not exceeding 1 200 mm and with pressure rating not exceeding 4 MPa; forged gate valves with nominal size 1/2" and more but not exceeding 2" and with pressure-rating not exceeding 16 MPa    |
| 8481 80 3  | – – – Shut-off valves with nominal size 8 mm and more but not exceeding 400 mm and with pressure rating not exceeding 4 MPa; forged shut-off valves with nominal size 1/2" and more but not exceeding 2" and with pressure rating not exceeding 16 MPa; shut-off          |
| 8481 80 4  | – – – Ball taps with nominal size 8 mm and more but not exceeding 700 mm and with pressure rating not exceeding 10 MPa                                                                                                                                                    |

| HS 6 +     | Description                                                                                                                                                                     |
|------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 8481 80 5  | --- Underground and surface hydrants, valves and drilling saddles for household connections, air inlet-relief valves (with two balls), inlet strainers with valve ball bearings |
| 8501       | Electric motors and generators (excluding generating sets):                                                                                                                     |
| 8501 3     | - Other DC motors; DC generators:                                                                                                                                               |
| 8501 32    | -- Of an output exceeding 750 W but not exceeding 75 kW:                                                                                                                        |
