

States to transmission systems located in the territories member States on the basis of common principles, conditions and rules provided under the Annex №23 hereto.

Article 85

The Authority of the Commission in the Energy Sector

In the energy sector the Commission monitors the enforcement of this section.

SECTION XXI

TRANSPORT

Article 86

Coordinated (Correlated) Transport Policy

1. The EAEU carries out coordinated (correlated) transport policy aimed at ensuring economic integration, consistent and gradual creation of a single transport space on the principles of competition, openness, security, reliability, availability and environmental compatibility.

2. Objectives of coordinated (correlated) transport policy are:

- 1) creation of a common market for transport services;
- 2) adoption of correlated measures ensuring common benefits in the transport field and the implementation of best practices ;
- 3) integration of the transport systems of the member States into the global transport system;
- 4) efficient use of transit potential of the member States;
- 5) improvement of quality of transport services;
- 6) provision of transport security;
- 7) reduction of the harmful effects of transport on the environment and human health;
- 8) creation of a favorable investment climate.

3. The main priorities of the coordinated (correlated) transport policy are:
- 1) forming a single transport space;
 - 2) creation and development of the Eurasian transport corridors;
 - 3) implementation and development of the transit potential within the EAEU;
 - 4) coordination of the development of transport infrastructure;
 - 5) creation of logistics centers and transport organizations providing the transportation process optimization;
 - 6) involvement and use of human resources capacity of the member States;
 - 7) development of science and innovation in the field of transport.
4. Coordinated (correlated) transport policy is formed by the member States.
5. The main directions and stages of coordinated (aligned) transport policy are determined by the Supreme Council.
6. Monitoring of the implementation by the member States of the coordinated (aligned) transport policy is conducted by the Commission.

Article 87

Scope of Application

1. Provisions of this Section shall apply to road, air, water and rail transport taking into account provisions of Sections XVIII and XIX of this Treaty and the peculiarities stipulated in Annex 24 to this Treaty.

2. The member States shall seek a gradual liberalization of transport services between the member States.

Procedures, conditions and stages of liberalization are determined by international treaties within the EAEU with peculiarities stipulated in Annex 24 to this Treaty.

3. Requirements for transport security (transport safety and transport operation security) are determined by the legislation of the member States and international agreements.

SECTION XXII
